Soju

SOJU 360ml Bottle £26

Please ask a member of our team
for the available flavours.

You never pour your own Soju; it's always consumed as a communal drink. An older member in the group will pour into a shot glass, you then take it with two hands and shoot it without making eye contact. Sip if you want but shooting is more common.

Shisha

Shisha £40

The shisha (or “hookah”) was invented hundreds of years ago in the Middle East. Today, shisha smoking is becoming increasingly popular in the USA, Europe and the UK. Smoking shisha involves burning coal to heat up specially prepared flavoured tobacco. It is a social pastime and is thought to help relax and mellow with the soft sound of bubbling water in which you draw on the vapour of filtered fruit flavoured molasses through a long curled pipe, producing a smooth and flavoured after-taste.

FLAVOURS

Please ask a member of our team for the available flavours we have today!

Please be aware there is hot coal being served on the Shisha and we will not take responsibility for items damaged or burnt. One Shisha is for a maximum of two people policy and will be yours to enjoy for 90 minutes.
