Start it right

SOJU | 360ml Bottle £26
ORIGINAL | PEACH | GRAPE | CITRON

You never pour your own Soju; it's always consumed as a communal drink. An older member in the group will pour into a shot glass, you then take it with 2 hands and shoot it without making eye contact. Sip if you want but shooting is more common.

We recommend about one and a half proteins per person (round em up) and get them saucy.

No strippers here, just authentic double dipped Korean fried chicken to add to your order.

Get yourself a bit on the side (we won't tell) and don't forget about the burnt ends.
