## SHISHA £40

---

The shisha (or “hookah”) was invented hundreds of years ago in the Middle East. Today, shisha smoking is becoming increasingly popular in the USA, Europe and the UK.

Smoking shisha involves burning coal to heat up specially prepared flavoured tobacco. It is a social pastime and is thought to help relax and mellow with the soft sound of bubbling water in which you draw on the vapour of filtered fruit flavoured molasses through a long curled pipe, producing a smooth and flavoured after-taste.

### FLAVOURS

Please ask a member of our team for the available flavours we have today!
